VOL. II.—NUMBER 551.

RICHMOND, VA., SUNDAY, JULY 1, 1888.

PRICE, TWO CENTS

THE VERY LAST.

FINAL MEETINGS OF THE REST OF THE COUNCIL COMMITTEES.

Grounds and Buildings and Public Charities Committees Perform their Last Duties—Committee on Schools Delinquent—Important Action Taken—Ac.

The last meetings of the City Council committees were held yesterday. At 12 o'clock last night the Common Council and Board of Aldermen of the years 1886-1888, together with all their committees, passed out of existence. During that time, two years from July 1, 1886, the Council and its committees have done much for the benefit of Richmond. The new City Hall and the Electric railway were started under their regime. The one is rapidly being built, and the other is the success of the age.

The first meeting yesterday was that of the COMMITTEE ON GROUNDS AND BUILDINGS.

This committee met for the purpose of paying off the men employed on the new City Hall for the weeks work ending yesterday.

There were present, Messrs. Kendler (chairman), Pizzini, Crenshaw, Sneed, and Mann—a full committee. They passed on the pay-roll, and indulged in complimentary speeches one with the other, in which the clerk excelled all others in the pithiness of his remarks, after which the committee adjourned for good.

Three of the five members of this committee are members of the new Council. They are Aldermen Crenshaw and Sneed, and Common Councilman Mann.

THE COMMITTEE ON PUBLIC CHARITIES met in the office of the Superintendent of Public Charities under the Exchange Hotel yesterday afternoon.

There were present Messrs. Rowland Hill (chairman), Montgomery and Dickerson.

The report of the keeper of Oakwood Cemetery was received and filed, showing that the receipts during the month of May amounted to \$235.

The regular pay-roll and the routine bills were ordered to be paid.

The chairman reported that owing to the scant time and the pressing duties of the City Engineer, he had been unable to complete the laying out of the Bankstown property for cemetery purposes.

A communication from Mr. W. A. Dickerson, keeper of Oakwood Cemetery, was read and ordered to be recorded as follows:

OAKWOOD CEMETERY, June 28, 1888.

To the Honorable Committee on Cemeteries: Gentlemen,—I have been informed that a rumor is being circulated in regard to enclosing the keeper's residence at Oakwood Cemetery, that is calculated to reflect on my honor and integrity. I therefore enclose papers for your inspection, and beg that you may see fit to exonerate me from any blame in the matter. Very respectfully, WILLIAM A. DICKERSON, Keeper.

A paper signed by T. Wiley Davis, E. C. Jones, and Joseph W. Carter, bidders, was ordered to be recorded, stating that their respective bids for enclosing the keeper's house at Oakwood cemetery were under seal, and that Mr. Dickerson knew nothing about the figures therein contained.

A certificate from E. L. Powell, the successful contractor, was placed on record that he had no belief that Mr. Dickerson, the keeper, had knowledge of his bid.

THE COMMITTEE ON SCHOOLS was to have met at 6:30 in the Council Chamber yesterday afternoon. At 7:30 the only members present were J. C. Dickerson (chairman) Jones, and Bowden. It required to make a quorum four members. Those present adjourned and went home.

The object of this meeting was to pass on the routine bills of the Mechanics' Institute, such as rent, etc., but failure of a quorum sends them over to the next Council and its school committees.

The Gettysburg Excursionists.

The United Veterans proposing to go to Gettysburg on the Richmond, Fredericks & Potomac train to-morrow morning are called to meet this afternoon at Veteran's Hall, on Capitol street, next to the City Hall. The only way by which tickets at reduced rates can be gotten over the road is by applying either to the United Veterans or to members of Parker's Battery. The railroad sell no tickets except at regular fare.

Deeds of Bargain and Sale.

The following deeds of bargain and sale were recorded in the Chancery Court Clerk's Office yesterday.

Victoria Blackburn to John H. Tyler, eight and one-half inches on Belvidere street, between Cumberland and Beverly streets, the consideration being \$5.

P. H. Gibson to Lucius Crane and others, 120 feet on sixth street, \$300.

W. W. Henry, commissioner, to G. R. Merriman, 129 feet on China street, corner of Laurel; consideration, \$1,741.50.

Samson Hirsch to James Fox, 46 1/2 feet on Clay street near Seventh; consideration, \$6,600.

Joseph Schepus, executor, to Joseph Holygreffe, 83 1/2 feet on Cary street near Washington, with improvements thereon, \$4,800.

Court Statistics for June.

In the Clerk's Office of the Hustings Court during the month of June there were sixty-eight marriage licenses issued—forty to white and twenty-eight to colored couples.

In the Clerk's Office of the Chancery Court during June there were admitted to record three hundred and twenty deeds.

At Henrico County Courthouse there were one hundred and twenty-seven deeds recorded and twelve marriage licenses issued, evenly divided between the two races.

Police Notes.

In the Police Court yesterday Thomas Pleasant (colored) was charged with stealing a carpet and a dress from Mary Quicks. He was found guilty and given thirty days in jail.

Nelly Robinson and John Scott, two colored lovers, could not agree among themselves, and the result was that Nelly struck Scott, for which she had to pay \$5 and costs, and was sent to jail in default of \$100 security for twelve months.

George Chiles (colored) some time ago was fined \$50 for selling liquor on Sunday at his bar-room, near Cary and Eighth streets. Yesterday he was present in court on the charge of selling liquor at his new place, 710 West Broad street, to which he had moved.

There was sufficient evidence to prove that liquor was sold by him on Sunday, and the fine of \$50 was imposed. Chiles took an appeal to the Hustings Court.

Mr. Otto Wigand was before the Police Court on the charge of beating James Brown; also with being drunk and disorderly at the station house, violently resisting the police, breaking and destroying the city property, and assaulting and hitting Policeman T. H. Jovner.

The evidence showed that Wigand went to the colored bar-room kept by Captain Paul, known as the Armory bar-room, asked Brown (colored) to play pool with him and played a number of games. Brown (colored) won the first game and Wigand paid the toll. He lost also the next game, and put up his watch as security for the costs. He played several more games and lost, and when his watch was offered to him to be redeemed he refused to settle up. This led to a row between him and the colored man Brown. Brown was struck by Wigand with a cue. The parties were arrested. Wigand was disorderly, quarrelsome, and did what was charged against him.

He was sent on to the grand jury on the charge of resisting the police, and fined \$5 and costs for beating James Brown with the pool cue.

Major Johnson, Charles Washington and Robert Williams (all colored), were charged with being disorderly and interfering with a club known as the "Glittering Stars of the Day." The club is composed of a number of negro boys, who had a lawn party at Mrs. Dickinson's, just outside the city limits. The accused tried to force an entrance into the residence. Williams broke in the door. The accused claimed they were present by invitation, but the "Glittering Stars" did not want them there, and used pistols and razors to prevent their attendance. It was hard to tell exactly which witness was approximating more closely to the truth. It was evident, however, that the accused were aggressive, and they were fined each \$5 and costs.

WALKER VS. CAMPBELL.

The Jury Agree on a Verdict.

In the Chancery Court yesterday the jury to whom had been given the case of D. N. Walker against George Campbell, heretofore reported in full, and were unable to agree Friday night, came into court and were again sent out to consider their verdict. After consultation they returned with the following:

We the jury find, in response to the fact of the issue submitted to us, that the sale by Wright, receiver, and John D. Kelley, Jr., of the factory, fixtures, and machinery embraced in the same, was a device of George Campbell to hinder, delay, or defraud his creditors; and we further find, in response to the second issue, that John D. Kelley, Jr., did not know of said George Campbell's purpose, and did not participate in the same or assist him in carrying it into effect by purchasing said property or taking any portion of said property on a secret trust for the use and benefit of said Campbell or otherwise.

Plaintiff's counsel moved to set aside the verdict and grant a new trial. This motion Judge Barton overruled.

Notice was then given by plaintiff's counsel of an appeal, and Judge Barton granted counsel during the present special term of the court right to file their bills of exception.

HOMING PIGEON WOUNDED.

Being Cared for by Mr. E. K. Gunn.

Friday evening about 3 o'clock a carrier-pigeon settled on a farm house about three miles below Richmond. The large number of common pigeons and their depredations on the farms resulted in the farmer's shooting pigeons on sight, and this particular pigeon was shot by mistake. After being shot it went over into the yard of Sheriff J. W. Southward. There it was picked up and tenderly cared for by Mr. E. K. Gunn, who lives on the place. Two shots went through the crow and one through the head just above the nose. Water and food is given it but it eats no food, but drinks water repeatedly, showing that it is feverish.

Under each wing is stamped on the feathers, "E. P. Baldwin, No. 57 Market street, Newark, New Jersey." A little lower down the number 257 appears, and the words: "If this pigeon be killed, please notify us. If wounded, please take care of him and notify us by postal card."

Mr. Gunn, who has the bird, says he thinks it will live, and he will be glad to hear from the owner. Address, Henrico County Courthouse, Richmond, Va.

VIRGINIA BOAT CLUB

TO CELEBRATE THE "GALORIOUS" IN GRAND STYLE.

Grand Regatta at Warwick Park—Gig, Single Scull, Pleasure Boat, Canoe, and Tub Races—Running, Jumping, and Tennis Matches—Big Day in Prospect.

The Virginia Boat Club is making elaborate preparations for a grand time at their regatta on the 4th instant. The programme which has been agreed upon comprises gig races, single sculls, pleasure boat, canoe and tub races on the water, and running races, jumping matches and tennis on land.

The contestants in these various matches are undergoing regular training in anticipation of the event, and are putting themselves through a severe regimen. They have to abstain from smoking, chewing, and all liquid refreshments except a moderate amount of water. They must eat only a regular allowance of rare beef without fat; they must take a due amount of pedestrian exercise so as to keep down surplus flesh and at the same time improve their wind, and they must retire at an early hour so as to acquire a proper medium of rest and sleep. All these rules the seekers after athletic honors are faithfully observing, and it may strictly be said that at present, at least, they are leading well regulated lives.

THE RACE GROUND.

Warwick Park has been selected as the place where the various contests will come off, on account of the superior facilities it offers for both land and water sports. At that point the river presents a beautiful and straight stretch of good boating water several miles in length. Still the park itself affords every convenience for the jumping, running and tennis match. No doubt that popular resort will be crowded both day and night on Wednesday next, as in addition to the amusements of the day, there is to be a display of fireworks at night.

LOCAL NOTES.

The Board of Supervisors of Henrico county were in session some time yesterday transacting the usual routine business, which included the bills for the month of June.

Among the candidates for the position of foreman of truck No. 2, Fire Department, is Mr. E. L. Powell of 506 North Twenty-fifth street.

Company "D," First Virginia Regiment, is having a good time in their camp at Warwick Park. What with target shooting, competitive drills and similar amusements, the days pass by quite merrily. She company will return to the city to-morrow.

American brig Kalina, Captain Coffin, entered at the Customhouse yesterday from Cardenas, Cuba, with 400 tons of old rails consigned to the Tredegar Company.

At Henrico County Courthouse during the month of June there were marriage licenses issued, six each to white and colored couples, and 127 deeds recorded.

Mrs. J. E. B. Stuart is in attendance at Morehead City, N. C., at the Teachers' Convention of that State.

Belvidere Hall, under the skillful manipulations of Mr. Clifton L. Hewitt and his corps of skilled fresco artists, is rapidly becoming a thing of beauty and a joy forever. The walls are being handsomely painted, the ceiling overhead representing the blue empyrean, from which white fleecy clouds have rolled away, while various butterflies of variegated hues are seen flying about in the lower air. The cornices are also decorated with roses and various appropriate emblems, all presenting when the hall is lighted with its two electric-light chandeliers of twenty-two burners each an exceedingly attractive appearance. When finished it will be one of the handsomest halls in the city.

The Governor has received a telegram from Paris stating that M. Mercie's and left city; was last seen about 2 p.m. yesterday. We hold warrant for grand larceny. Arrest, hold and telegraph.

MARTIN MORIN, Superintendent of Police.

The editorial excursionists felt somewhat tired after their trip on their arrival, and decided to take a good rest last night. They will spend this morning seeing the many interesting sights of Richmond, and, no doubt, will all ride on the electric cars, so that they can go home and report that they have travelled over the longest electric railway in the world, and that the ancient capital of the old Commonwealth is booming ahead with a rush, being already in the lead of her Southern sister cities and widening the distance daily. Their brethren of the Virginia press extend them a hearty welcome, offer them the freedom of the city, and wish them a pleasant visit, a delightful trip and a safe return home. The party propose to leave this afternoon for Old Point to enjoy the salt water and air at that popular resort.

Two hundred additional benches have been ordered for the New Reservoir grounds by the Committee on Grounds and Buildings, and will be placed in position by Tuesday. The Union and City Passenger railroads will also place in position about an equal number of benches so that all who go to the park may be accommodated.

The car companies deserve liberal patronage on this occasion, and our people should show their appreciation of the efforts to entertain and amuse them.

CATHOLIC NEWS NOTES.

Meeting for the Election of a Successor to Bishop Keane—Bishop Curtis of Wilmington, Delaware, Presiding.

On Friday last a meeting of the consultants and irremovable rectors of the diocese of Richmond was held at the episcopal residence for the purpose of electing a successor to Bishop Keane. Bishop Curtis of Wilmington, Delaware, was delegated by Cardinal Gibbons to preside over their deliberations. Three names have been chosen and will be forwarded to Rome, out of which one will be elected.

Heretofore the names were selected by the Bishop of the province, but at the Third Plenary Council of Baltimore the voice was given to the irremovable pastors and consultants.

RETREAT AT THE SISTERS OF CHARITY.

Rev. Father McHale, C. M., pastor of the Immaculate Conception church in Baltimore, is conducting a retreat at the Sisters of Charity, corner Fourth and Marshall streets. This reverend gentleman is a native of the west of Ireland—a near relative of the late Archbishop of Tuam, whom Daniel O'Connell called the Lion of the fold of Judah.

In this court yesterday the following cases were disposed of:

C. J. Puckett against Chewning & Rose. Suit to recover damages for unlawful and malicious levy. Damages, \$2,000.

Jury sworn and having heard the evidence and arguments of counsel, were sent out of court, and after some time returned into court, and not being able to agree were adjourned until Monday next at 10 o'clock.

TELEGRAPHIC NEWS

LATEST REPORTS BY MAIL AND WIRE.

In Congress Yesterday—A Leading Labor Paper Revolts Against Harrison—Sheridan Sails to Buzzard's Bay—The Czar and Kaiser—Telegrams from All Points.

WASHINGTON, June 30.—The Senate met to-day at 11 o'clock, and the joint resolution providing temporarily for the expenditures of the Government was presented with the signature of the Speaker of the House. Within five minutes the President pro tempore announced his signature to the resolution, and a few minutes later it was on its way to the President.

The Committee on Commerce favorably reported Mr. Mitchell's amendment to the sundry civil bill appropriating \$60,000 for a lightship, with steam fog signal, on the bar at the mouth of the Columbia river, Pacific coast.

Mr. Frye called up the river and harbor bill, and its consideration was rapidly proceeded with.

THE HOUSE.

Speaker Carlisle, having returned from New York, was in the chair of the House this morning.

On motion of Mr. Stone of Kentucky the bill for the payment of the Fourth of July claims was taken up and passed without objection.

The House then went into Committee of the Whole, Mr. Springer in the chair, on the tariff bill.

Married Twice in a Day.

NEW YORK, June 30.—After the marriage of the Duke of Marlborough and Mrs. Lillian Hammersley by Mayor Hewitt, yesterday, the distinguished couple and a few friends went through the marriage ceremony again, this time before Rev. Daniel C. Potter, D. D., pastor of the Tabernacle Baptist church.

An effort has been made to have the ceremony performed by an Episcopalian minister, but the rules of that church forbid the marrying of people who have been divorced. The Duke and Duchess dined at Delmonico's with a dozen friends at 6:30.

Grasshoppers Worth \$1 a Bushel.

CHICAGO, June 30.—A dispatch from St. Paul says: Grasshoppers have recently appeared by the million in that vicinity and threaten the total annihilation of crops. A vigorous warfare is being waged against them. It has been decided to pay \$1 a bushel for the hoppers.

BASE-BALL NOTES.

Record of the Past Week.

Nothing startling occurred last week in base-ball circles. The weather was unpropitious, hence the full quota of games was not played.

In the League no radical change took place. Detroit is a fraction nearer the leaders, who have suffered several setbacks of late. Boston neither advances nor falls in the rear. Her management are making desperate strides to strengthen the team.

Fair describes the work of the New York club. Their individual play is brilliant.

It is about the time for the Phillies to enter the race. Like the tortoise they get there in the end.

Washington slid into the eighth place, relinquishing, we hope only temporarily, their better position to the Pittsburg who advanced two notches by playing less badly than the other new clubs.

Indianapolis, once in a while, astonishes herself and the public by achieving a decided victory over a leading club. It seems a pity such a combination of good players won't work in an effort to win.

St. Louis has at last hobbled up serenely in the first place, much to the chagrin of Brooklyn, who not a week since thought of raising a pennant pole.

The Athletics rush received a check at the hands of her Western associates and now Cincinnati is close on her heels. Baltimore is safe in fifth, while Cleveland, Louisville and Kansas City, are in a close procession. Louisville, under her new management is doing better, and banded Kansas City at the tail-end, her rightful place in virtue of being the baby.

SHERIDAN SAILS.

ON for Buzzard's Bay.

WASHINGTON, June 30.—The warm sunshine induced the physicians of General Sheridan to take advantage of the opportunity and escape from the city before another hot wave arrived. Arrangements were hastily completed, and the General was conveyed to the Navy Yard, where the Swatara lay.

The General appeared none the worse for his trip. He arrived about 12:30, and was carried on board by his regular attendants, assisted by several sailors. Forty-five minutes later the Swatara cast off and steamed down the river.

The Swatara is a bark-rigged vessel of 1,500 tons displacement, drawing about 17 feet of water. She was rebuilt at the New York Navy Yard in 1872-4 from the remains of a somewhat smaller vessel of the same name, which figured more or less prominently during the late war.

Iron Mill Shut Down.

PITTSBURGH, June 30.—There is no change in the iron situation this morning. Both sides present a firm front, and when the day turns off this evening, all the mills in the West but twelve, operated by non-union men, will be closed down for an indefinite period. A dispatch from Youngstown, Ohio, reports the mills in the Mahoning Valley preparing for a protracted suspension.

Notwithstanding the discouraging reports received by the mill men, they do not seem to be worried. Almost all who were spoken to believe that the suspension will not continue longer than two or three weeks.

Mr. Blaine for the Senate.

PORTLAND, ME., June 30.—The Blaine men here all say that Blaine is to go back to Washington as United States Senator. There is a report that General Harrison is to meet Blaine in New York and go with him to Maine.

Emperor William, when he received a deputation from Russian regiments on the occasion of the funeral of Emperor Frederick, said he hoped for an early opportunity to thank the Czar personally for his condolences.

The Czar has conferred upon General Von Pape, the German envoy to the Russian court to announce the accession of Emperor William, the orders of St. Andrew and St. Alexander Newski. He has also conferred upon Count Eulen-berg, Gen. Von Pape's aide-de-camp, the order of St. Anne.

The Clouds Break and the Sunshine Brightens the Scene.

GETTYSBURG, PA., June 30.—The clouds of the past few days broke this morning and bright sunshine enlivens the opening scene of the great reunion. The first act in the
